

# Flo Rite 1706 Plantability Polymer for Soybeans, Dry Beans and Peas

Flo Rite® 1706 plantability polymer for soybeans, dry beans and peas improves adhesion and coverage of bioactives on the seed to reduce dust off during and after seed treatment.

## Keep seed treatments where they belong

- Improves adhesion of actives.
- Reduces and controls dust-off.
- Enhances worker and producer safety.
- Preserves value of seed treatments.
- Compatible with major fungicides, insecticides, inoculants and colorants.

## Improve plantability of high-value genetics

- Improves flow through planter.
- Increases seed drop accuracy.
- Reduces skips and doubles.

## Improve seed treatment flow and handling

- Provides more uniform coverage of treatments.
- Creates smoother seed surface and improved appearance.
- Reduces stickiness, seed bridging and clumping.
- Helps increase seed flow during conditioning.
- Improves handling following seed treatment.
- Eliminates the need for talc\* during seed treatment.

\*Growers should follow their planter manufacturer's recommendation for seed/planter lubricant requirements (graphite or talc).

## Convenient handling and application

- Rhizobia-friendly – ideal for use with HiStick® N/T, HiStick PRO, Nodulator® N/T and Nodulator PRO inoculants.
- Low, uniform application rate – just 65 ml/100 kg seed.
- Eliminates the need for multiple pumps and applications.
- Water-based, neutral pH and low viscosity.
- Cleans up easily.

Crop and Treatment	Flo Rite 1706 Application rate**
<b>Soybeans</b>	
With fungicide	65 ml/100 kg seed
With fungicide & insecticide	65 ml/100 kg seed
<b>Dry beans or Peas</b>	65 ml/100 kg seed

\*\*Suggested rate. Some variation may occur. Adjust rates to obtain the desired coverage for seed size, seed coat, conditioning equipment and total slurry.

Flo Rite 1706 Package Size	Units/Pallet	Est. Seed Treated at 65 ml Rate
2 x 8.2 L/case (2 x 10 kg)	36 cases	25.2 mt/case
103 L drum (125 kg)	5 drums (includes Micro Matic fitting)	157.6 mt/drum
822 L tote (1,000 kg)	1 tote	1,261 mt/tote
