

MATURITY

Average maturity in days versus the average maturity in days of InVigor® 5440 from InVigor internal trials.

STANDABILITY

Please note: Information displayed on this chart is based on performance ratings and data compiled from several InVigor internal trials over multiple years. Results may vary on your farm due to environmental factors and preferred management practices.

INVIGOR is a registered trade-mark of BASF. © 2019 BASF Canada Inc.
