

# 2019 InVigor Lineup Crop Protection Products.

Take your InVigor® hybrid canola to new heights with BASF. Our lineup of innovative crop protection solutions focus on pest management and maximizing efficiency for a more successful season.

## Crop Protection Products

<b>Facet™ L</b> Herbicide	It's payback time. Take control of cleavers with Facet™ L herbicide. Use it pre-seed, pre-emerge or in-crop for superior cleaver control, all in a liquid formulation.
<b>Liberty®</b>	Safeguard the yield potential of your InVigor canola with the powerful protection of Liberty® herbicide. The unique Group 10 chemistry helps you tackle tough weeds and manage resistance.
<b>Centurion®</b>	Boost your grassy weed control and add in Centurion® herbicide with your Liberty.
<b>Cotegra™</b> Fungicide	The new era in sclerotinia management is here. You work hard to grow the best canola, don't let sclerotinia get in the way of the best harvest and yields.
<b>Heat® LQ</b> Powered by <b>Kixor®</b> Herbicide	Take your canola across the finish line with Heat® LQ pre-harvest. Dry down both the crop and weeds for an easier, more efficient harvest.
<b>Heat® Harvest*</b> Powered by <b>Kixor®</b> Herbicide	Crop and weed dry down on more acres. The benefits you trust of Heat LQ pre-harvest now in a convenient bulk pre-mix.  <small>*Heat Harvest is currently being assessed for registration under the Pest Control Products Act. The information presented here is for research purposes only.</small>
