
Introducing Teraxxa F4 insecticide seed treatment.

THE
ONLY ONE
THAT ELIMINATES WIREWORMS IN CEREALS.

In addition to providing exceptional protection against key diseases, new Teraxxa® F4 is the only cereal seed treatment on the market that provides true wireworm control by breaking the lifecycle.

- Unique, innovative insecticide mode of action
- Eliminates wireworms on contact
- All-in-one solution that includes broad-spectrum disease control
- Optimized formulation for superior handling

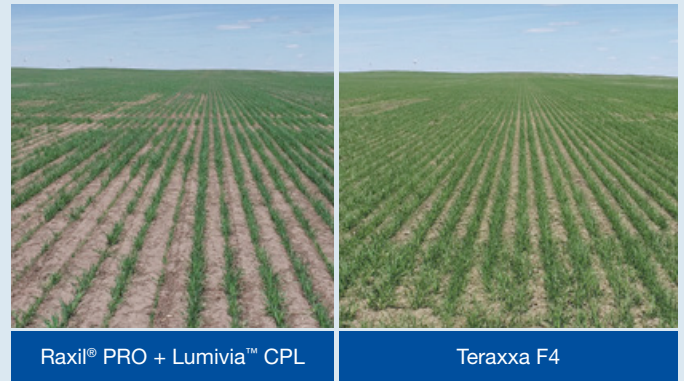

Strong performance that's plain to see.

Research trial comparison under pressure.
