

The BASF logo, consisting of a white square with a smaller white square inside, followed by the letters "BASF" in a bold, white, sans-serif font.

We create chemistry

STAY IN CONTROL OF YOUR FIELDS FROM PRE-SEED TO HARVEST.

Eliminating weed pressure in peas and **Clearfield**[®] lentils is essential to yield potential. Take the guess work out of weed control and resistance management strategies in these crops with the Advanced Weed Control Program from BASF.

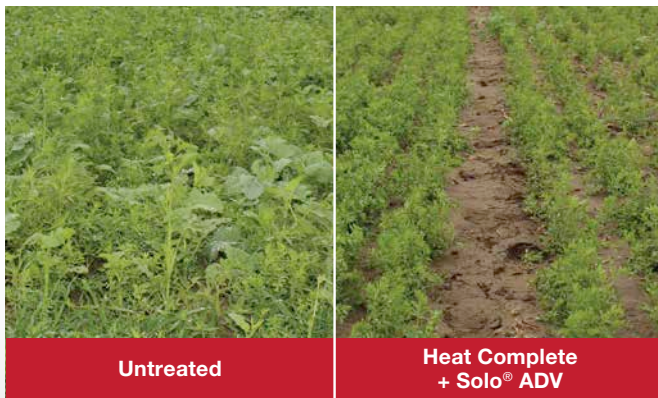

The cornerstone of the Advanced Weed Control Program is **Heat**[®] **Complete herbicide**, the newest innovation in weed control that provides broad-spectrum burndown with extended residual activity. The program provides a strategy to deliver reliable weed control that offers enhanced efficacy by combining multiple modes of effective action, herbicide layering and residual weed control.

ADVANCED WEED CONTROL

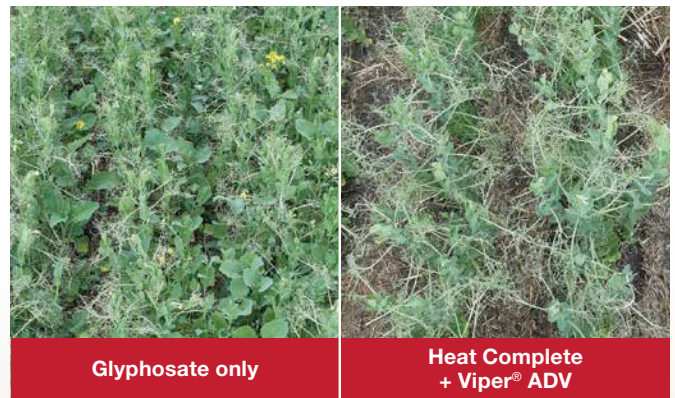

CLEARFIELD LENTILS		Key weeds controlled (incl. resistant biotypes)
PRE-SEED Heat Complete + Powered by Kixor ® Herbicide (80 ac/case)	IN-CROP Solo ® Ultra OR Odyssey Ultra NXT Herbicide (for re-cropping flexibility) (for flushing weed control)	Foxtail (green, yellow) Lamb's quarters Redroot pigweed Volunteer canola Wild buckwheat Wild oats
PEAS		Key weeds controlled (incl. resistant biotypes)
PRE-SEED Heat LQ Powered by Kixor ® Herbicide (30 ac/case) OR Heat Complete Powered by Kixor ® Herbicide (60 ac/case)	IN-CROP Viper ® ADV Herbicide	Using Heat LQ: Cleavers Redroot pigweed Stinkweed Volunteer canola Wild buckwheat Wild mustard Using Heat Complete – the above, plus: Foxtail (green, yellow) Kochia Lamb's quarters Waterhemp Wild oats

**FEEL LIKE THE BATTLE HASN'T BEEN WON?
WE'VE GOT REINFORCEMENTS.**

The Advanced Weed Control Program also provides additional re-spray support for weed escapes (even resistant biotypes)—an industry first.

For more information about the Advanced Weed Control Program, product re-spray or the support process, contact your BASF Sales Representative, call **AgSolutions**® Customer Care at 1-877-371-BASF (2273) or visit agsolutions.ca/AdvancedWeedControl.

Always read and follow label directions.
