

BASF 28% UAN

technology sheet

Ensure the maximum performance of Viper® ADV herbicide with the addition of BASF 28% UAN.

- BASF 28% UAN helps the two active ingredients in Viper ADV work together to ensure effective control of grasses and broadleaf weeds.
- Addition of BASF 28% UAN increases spray droplet retention and herbicide absorption by weed foliage.
- Sprayer grade, filtered to maximize sprayer performance.

Active ingredients

Urea – Ammonium nitrate

Formulation

Water-based solution

One case contains

2 x 8.0 L jugs

Also available in 128 L shuttle

Storage

Heated storage not required.

Function

BASF 28% UAN is recommended for tank mixing with Viper ADV herbicide for effective control of grassy weeds in field and succulent peas, dry beans and soybeans.

Application rates

Two cases of BASF 28% UAN required for each case of Viper ADV herbicide. One shuttle provides enough nitrogen for 4 cases of Viper ADV herbicide.

BASF 28% UAN ¹	809 ml/ac (2 L/ha)
Viper ADV herbicide ^{2,3}	404 ml/ac (1 L/ha)

Water volume

Ground application only	40 L/ac (10 gal/ac)
-------------------------	---------------------

Mixing order

1. Add 3/4 of needed water.
2. Start agitation and continue agitation throughout mixing and spraying procedure.
3. Add the required amount of Viper ADV herbicide.
4. If tank mixing a herbicide, add the required amount of tank-mix partner.
5. Add the correct amount of BASF 28% UAN (recommended for grass control).
6. Complete filling with water and continue agitation.

Tank mixes

Herbicides for dry edible beans:

Viper ADV at 404 ml/ac (1 L/ha) and Basagran® Forté at 146 ml/ac (360 ml/ha) and BASF 28% UAN at 809 ml/ac (2 L/ha)

or

Solo® at 11.7 g/ac (29 g/ha) and Basagran Forté at 506 ml/ac (1.25 L/ha) and BASF 28% UAN at 809 ml/ac (2 L/ha)

¹ For dry edible beans only, Solo herbicide requires addition of Basagran Forté herbicide plus BASF 28% UAN.

² Viper ADV herbicide is purchased separately.

³ For dry edible beans only, Viper ADV can be tank mixed with Basagran Forté herbicide to control additional weeds.

Always read and follow label directions.
