Guest Speakers

BASF U.S.

Trevor Kraus, Technical Service Representative, Michigan and Ohio

Background

Trevor is a BASF Technical Service Representative, providing technical support to Business Representatives in Michigan and Ohio. He attended the University of Guelph, where he completed his PhD in Plant Physiology.

Trevor started working with American Cyanamid as a Field Biologist in 1996. With the acquisition of American Cyanamid by BASF, Trevor transitioned to the role of Technical Development Specialist.

In 2013, Trevor re-located to Kalamazoo, Michigan, where he assumed his current role of Technical Service Representative.
